

Integrated Library System Product Committee Conference Call
September 21, 2016

At 10:03 a.m. Chair Adam Van Sickle called meeting to order.

In attendance were: Adam Van Sickle, Beth Hronek, Wendi Walton, Desiree Saunders, Brenda Mahoney-Ayres, Paul Pidde, and Brian Greene

Missing were: Faith Johnson, Marci Mock, and Mary Jayne Jordan.

There were no changes to the current meeting's agenda.

We approved the meeting minutes from March, May and August meetings unanimously.

We edited the survey question about the committee's direction to say:

Would you be interested in seeing a reader's advisory service that lets you view related books and authors as part of your search results in the library catalog? Yes or no.

We agreed to send this question to the allwyld email listserv.

Action item: Adam will create a survey monkey survey and draft an email to send to the committee.

Action item: The committee will send any edits before next Monday 9/26, and Adam will send the survey to the listserv.

Action item: Desiree will take the final question sent to allwyld and give it to the Shared Purchases Committee to add to their needs assessment. Sending it to AllWyld will reach 554 employees, while the SPC assessment will reach patrons as well. A delineated response list, limited by type of respondent (patrons) will be used by the group. We can expect anywhere from 50-200 responses for the SPC assessment.

Desiree communicated the consortium quote of \$16,850 for an annual subscription to the Novelist Select product.

Action item: Desiree will now ask the Novelist rep for quotes for consortium and individual library pricing for Library Aware/Novelist Complete.

We clarified our regional representation to encompass Academic, Small, and Large. Large is defined as having a census population of 20,000 or more. This library list can be found here:

<http://library.wyo.gov/wyld/network/members>

The next Conference Call will be set for October 26th, 2016 at 10am.

Respectfully Submitted

Adam Van Sickle
