Wyoming Public Library Statistics
FY17
(July 1, 2016 to June 30, 2017)

About the statistics:

Statistics are collected from more than 9,000 public libraries, through the Institute of Museum and Library Services (IMLS) for Public Library Data. A public library is defined as having: 1) an organized collection of library materials; 2) paid staff; 3) an established schedule when it is open to the public; 4) facilities that support the collection, staff, and schedule, and 5) full or partial support from public funds.

Each of Wyoming’s 23 counties has a public library system serving all county residents. There were 23 main libraries, 53 branch libraries and 2 bookmobiles. These libraries report their statistics annually to the Wyoming State Library, which submits it to the IMLS.

Because Wyoming’s counties vary widely, statistics have been arranged in order of county population for comparison. Where appropriate, per capita measures have been included. Although these statistics allow for comparisons among libraries, caution should be exercised when interpreting them. Local needs, economies, geography and library policies differ, and that can be reflected in the numbers.

For additional information, visit the Wyoming State Library’s statistics page at https://library.wyo.gov/services/ldo/stats/.

Statistical tables:

- General information
- Outlets
- Staffing
- Expenditures
- Staff expenditures
- Materials expenditures
- Operating income
- Capital revenue and expense
- Hours and use
- Collections
- Downloadables
- Circulation
- Electronic resources
- Public programs

For more information:

For additional information, including state ranking tables, and tools to compare libraries nationally, visit the Wyoming State Library’s statistics page at https://library.wyo.gov/services/ldo/stats/. Custom reports are available upon request.

For questions, comments or requests for additional reports, contact: Thomas Ivie, Research & Statistics Librarian, at 307-777-6330 or by email at thomas.ivie@wyo.gov.

A few facts about Wyoming libraries during FY17:
- Public libraries were open for a combined total of 139,467 hours annually (about 3,000 less hours than in FY16).
- There were 3.37 million visits to public libraries in FY17, 5.75 visits for every Wyoming resident.
- Circulation was about 4.7 million, 8 items per capita.
- There were 2.48 million retrievals of electronic information from Wyoming public library databases in 2017.
- Total collection use, physical and electronic, was over 7 million, 12.25 per capita.
- Wyoming libraries averaged $54.82 in expenditures per capita to provide services. Local government provides 95% of library revenue, with most of the rest coming from "other" income such as interest, fines, fees and donations. State and federal funding are negligible. The State of Wyoming does not provide direct aid to libraries; instead, it supports WYLDCAT, the GoWYLD databases and other statewide initiatives that support the work libraries do.
- Public libraries held 2.6 million books and audio-visual materials in their collections, a decrease from FY16.
- Expenditures on materials decreased from FY16 ($2.67 million) to ($2.47 million) FY17. Collection expenditures per capita decreased from $5.41 in FY16 to $4.22 in FY17.
- Wyoming public libraries added 27 internet access computers for patrons in FY17, bringing the total to 913.
- All Wyoming public libraries offer free Wi-Fi. The 16 libraries that were able to provide this data reported, collectively, 336,134 Wi-Fi sessions in FY17 (41.6% increase over FY16).
- There were 376,426 children, teens and adults participating in library programs in 2017. Total program attendance was up 10.5% over FY15. Overall, in FY17, Wyoming libraries put on 12,259 children's programs (6% increase from FY16), with attendance of 287,363 (2.7% increase from FY16).
