AT YOUR LEISURE - Pre-recorded webinars to view at your convenience

Integration Nation: Combining Technology and Library Media (Wyoming State Library)

https://youtu.be/ya2L_AnU_2U : Join Megan Dingman and Maggie Unterseher, Library Media Specialists in Campbell County, Wyoming, to explore technology and library media integration opportunities. Hosted by Paige Brendenkamp of the Wyoming State Library.

Fundamentals of Library Advocacy (EveryLibrary) https://www.everylibraryinstitute.org/webinars_on_demand

: In this introductory webinar, we are going to explore what it takes to build a movement for libraries in your local community. The advocacy theory, strategies, and tactics that we introduce come from some of the largest movements for causes and political campaigns. These advocacy tools include data, messaging, supporter cultivation, fundraising, using volunteers, and a wide range of tactics like Facebook, outreach, email and direct mail, paid and earned media, and much more.

I Can Read That! AT Supports for Struggling Readers (Center on Technology and Disability)

<https://www.ctdinstitute.org/library/2018-05-21/i-can-read-supports-struggling-readers> : In this session with Diana Ree-Reeder, participants learned how to use the built-in accessibility supports in their mobile devices to support struggling readers, a free screen reader, as well as how to adjust settings in three library apps: Google Play Books, Kindle App, and Libby/Overdrive so that readers can confidently say, "I can read that!" (Get the PowerPoint in the download box).

Developing and Nurturing a School-Wide Culture of Reading (School Library Connection)

<https://schoollibraryconnection.com/Home/webinars?tab=3> : In this webinar, Melissa Thom shares effective strategies to facilitate, develop, and nurture an impactful culture of reading for both students and staff at your school.

Homelessness in Small and Rural Communities: Libraries Can Help! (WebJunction and ARSL)

<https://bit.ly/2ND5Qb0> : Maybe you'd like to help address the needs of patrons experiencing homelessness, but aren't sure how—especially with stretched financial and human resources. This webinar offers practical insights on services and resources you can provide for people without stable housing. You'll also learn how to create a welcoming environment, and how to engage your community in conversations and myth-debunking about homelessness.

The Relationship 360: Using People Skills and the Leadership Mindset for Success (Effectiveness Institute)

The Behavior Styles model developed by Effectiveness Institute uses the metaphor of an iceberg to identify critical differences between behavior and personality. The entire iceberg represents our personality and the part above the waterline represents our behavior—which is a choice. What stops most people from making successful long-term change to their behavior is their mindset. To learn more about mindset and how it can be an accelerator of individual and team performance, George Myers, President of Effectiveness Institute, has invited a former institute partner and now go-to expert on mindset training, Hugh Blane, to join him in an interactive and high-impact webinar, "The Relationship 360: Using People Skills and the Leadership Mindset for Success."

How to Develop Leaders (that people actually want to work for) (Training Magazine Network)

People need their leaders to spark collaboration, inspire innovation and serve as a role model for authenticity and transparency. Top-performing leaders value diversity, practice empathy and create cultures where individuals feel valued, safe and know their contributions matter. Helping leaders develop these qualities

requires a tool that helps fundamentally shift their mindset from self-focused goals and objectives to relationships, building trust and managing change with flexibility and optimism.

Designing for Human Behavior: a Free LLAMA Webinar (Library Leadership & Management Association)

This free webinar will provide a basic understanding of the natural human behaviors and instincts that drive our everyday lives, such as the desire to be in a secure environment and the need to have vision of your surroundings. You will learn how you can design your library space to promote comfort and security within the details – everything from the pitch of the seat and the ability to maintain your personal bubble, to the sightlines promoting comfort for our human instincts that trigger our internal fight or flight. Furniture that works well in library spaces has proven time and time again to put our instinctual fears at ease and allow us to spend those hours tucked away in the comfy chair reading a novel or at a computer completing a task. Now, it's time to understand why this happens and how to better design our libraries with these things in mind.
