5. Created an ad hoc committee to discuss options for Library of Things records and come up with a suggestion for the Online Quality Committee to discuss and make a decision on. The ad hoc committee consists of Shantry, Sara, Libby, and Susan. Due to having only 4 committee members present at the beginning of the meeting, the ad hoc committee began this discussion.

Options:
 - a. Libraries share a generic record. Library-specific information goes in a public note on the item.
 - b. Each library creates a record specific to their item.
 - c. Libraries share a generic record that is treated in the same way as book club kits. Library-specific information is allowed in a 500 field beginning with the library's name.
The ad hoc committee discussed pros and cons of the options, some libraries' interest in using library-specific images, and how the different options will display in Aspen. The ad hoc committee will correspond via email or set a time to discuss this topic further.
