

Online Quality Committee – Report for 2021 Annual Business Meeting

The Online Quality Committee did not meet during 2020-2021. At this point in time it is without a chair. The chair can be one of the existing committee members or an additional person who is not representing any of the regions, but has the sole duty of chairing the committee.

We reached out to several individuals and put out a call for volunteers a few times during the year, but were unsuccessful.

The WYLD governing board will need to take a look at how best to help move the committee forward.

Submitted by,

Kate Mutch, WYLD President
