Creating a game is easy. Here's what you need:

- A Data Set- the info you want in the game
- Choose what type of game you want, out of 18 options, including "Matching", "Ordering", and "Associating", plus more.
- Customize your game.
- Publish
- And play.

Use a data set to make as many games as you want.

My Dashboard

Welcome back, LibraryPaige
Keep creating your own data sets and games

MAKE ANOTHER DATA SET NOW! MAKE ANOTHER GAME NOW!

Keep track of your games, data sets, and scores with your Dashboard.

Clips
Shareable, editable video app
for Apple products

Create fun videos with your iphone...

With a touch of personality...Or a ton of personality.

- Simply press record to capture your video

Add titles and captions

Speech-to-text function lets you add titles and captions simply by speaking.

Watch this surfer ride a massive wave!

Use fun additions...

...like animations and filters.

Watch this surfer ride a massive wave!

Set your video to music to create your uniquely remarkable message.

Use Clips for:

- Presenting classroom content
- Flipped/blended classrooms
- Demonstrating class work and activities to parents/admin
- Fun sharing of one-of-a-kind moments

Bookflix
Literacy resource for PreK–3

Choose stories by category

## Fiction/Nonfiction book pairings. Watch the story, let Bookflix read to you, or read the story yourself!

Great for budding or struggling readers...can be accessed at home, also.

Spanish books available

Helpful ideas and activities are also available

You can also download resources like bookmarks and posters to encourage your students.

Buncee
Creation and presentation tool

Great research presentation tool

- Over 8,000 graphics
- Embed your own videos and graphics
- Choose from a variety of fonts for text
- Or draw
- Record your own voice or upload audio
- Shareable on social media

Where creativity and digital literacy intersect

One day, my mom took us to the ocean.
I love going to the ocean!

## Programs that support digital citizenship and literacy

Our Programs

Author's Corner
The Author's Corner aims to promote literacy learning by featuring children's artists and their work with classroom literacy activities.

LEARN MORE

Buncee Ambassador
The Buncee Ambassadors are a community of passionate educators inspiring innovation in classrooms around the world.

LEARN MORE

Buncee Buddies
Buncee Buddies, a pen pal project, partners students and teachers from across the globe to learn about other cultures and to share Buncee creations.

LEARN MORE

Flipgrid
Video discussion platform

Build your library community

- Create grid for your community
- Add a topic for discussion. *For instance, Soaring Eagle, Indian Paintbrush, or Buckaroo Book Award nominees*.
- Students can respond with short videos
- Invite colleagues and parents to share
- AASL Best App for Teaching and Learning 2017

This school district had each staff member post videos to communicate their passion for education

---
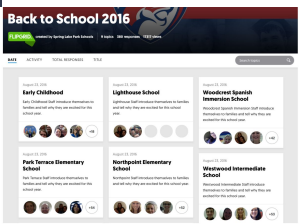

Ozoblockly
Coding for fun

Learn simple coding to control your own robot
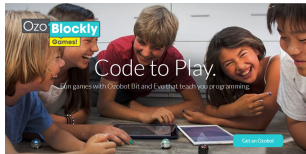

- A programmable robot
- Recommended for 6+
- Starter kits $60
- Can be used as a stand alone or with online sites like Ozoblocky.com
- Available from Amazon.com, Barnes&Noble, Target, Toys R Us, etc.

Click and drag coding allows the user to preview the code and make adjustments

Codes get longer and more intricate as player progresses

Players are able to refine codes and replay when there is a mistake.
