Dear Potential Host Venue

Wyoming has a proud legacy of service in our Armed Forces, sometimes that service comes at a great cost. Since the start of the Global War on Terror, Wyoming has lost sons and daughters as they protected our freedom and liberty. To honor their memory and legacy of service, the Wyoming Veterans Commission created several Fallen Warrior Kiosks. Each kiosk contains biographies, pictures, and stories about these fallen heroes. For the last several years, they have been traveling throughout Wyoming.

We're scheduling host locations for our Fallen Warrior Kiosks for 2019-2021. There is no cost for hosting. Each venue will host the kiosk for three months. The units have a small footprint, requiring only 10 square feet of space with access to an electrical outlet. The Wyoming Veterans Commission will assist with moving kiosks between venues and provide operational training. We will also provide media resources to help advertise the kiosk.

If you are interested in hosting one of our Fallen Warrior Kiosks please fill out the enclosed application and send it to Wyoming Military Department Museums, 3740 Jourgensen Ave., Casper, WY 82604. **The deadline for applications is January 25, 2019**. If you have any questions regarding the Fallen Warrior Kiosks please contact me at [john.woodward@wyo.gov](mailto:john.woodward@wyo.gov) or (307) 473-3489.

Very Respectfully,

## Fallen Warrior Memorial Kiosk

The Fallen Warrior Memorial Kiosk requires 10 square feet of floor space to accommodate the kiosk unit and accompanying banners. The unit requires electrical access, but no internet or Wi-Fi access is needed.

Information on the kiosk is accessed through a touch-screen interface. Visitors to your institution can listen to a welcoming message from the Governor and First Lady of Wyoming before exploring Wyoming's fallen warriors. Each fallen service member's life is presented through pictures, stories, and biographical information graciously provided by their families.
